Investment Objective

The Sub-Fund aims to achieve total return through capital appreciation, while seeking to preserve the invested capital of the Unitholders, who will maintain their holdings over the predetermined investment horizon of two (2) years. The Sub-Fund will mature on 17 January 2028.

To achieve its objective, the Sub-Fund invests primarily in a diversified portfolio of corporate and government bonds. Investments made by the Sub-Fund will take into account the Maturity Date. It will follow an approach of holding the bonds invested at the inception of the Fund until their maturity (buy and hold). Any debt securities, bonds, fixed income notes maturing in the (six)6 months prior to the Maturity Date may be invested in money market instruments or readily realizable assets in order to safeguard the interests of unitholders until the Maturity Date.

The total return at the maturity of the Sub-Fund is estimated to be within a range of 2,50% to 3,00%(*). The range of the estimated total return may be adjusted during the subscription period due to market conditions.

(*) Assuming there are no negative developments in the bond market, such as a credit event with default on the obligations of bond issuers and portfolio securities.

Investor Profile

The Sub-Fund is intended for investors who seek capital gains, who are willing to accept the risks associated with their investment and who are willing to maintain their holding until the Maturity Date.

Indicative Geographic Allocation

(LF) Target Maturity IX Bond Fund

Indicative Sector Allocation

Risk Indicator (in yellow)

The risk indicator provides guidance on the level of risk associated with this product compared to others. It highlights the likelihood of the product incurring a financial loss. A lower value of the Risk Indicator suggest more stable, less volatile investments.

The actual risk can vary significantly if you cash in at an early stage and you may get back less. You may not be able to sell your product easily or you may have to sell at a price that significantly impacts on how much you get back.

The risk indicator does not fully capture all risks that may impact the Sub-Fund. Additional risks, such as credit risk and counterparty risk should be carefully considered before investing. For more detailed information, please refer to the 'Risk Factors' section of the Fund's prospectus.

The risk indicator assumes you keep the investment for 2 years
